## PARIS GASOLINE MOTOR TURBINE

Is a combination of two high-grade machines with a specific duty which uniquely and successfully makes obtainable the greatest efficiency of both for pumping water with gasoline fuel power.  
With no valves in either engine; no cranking to start, the smallest number of parts of any machine of the kind, to wear out and adjust, is the most all-around economical pumping thing made in U. S. A.

The "Torie" lens is ground with a deep, inner curve, which permits of the lens being placed much closer to the eye, allowing a wider range of vision with no perceptible edges or annoying reflections. The "Torie" lens is for particular people who want the best and are satisfied with nothing less. It costs a little more, but it is worth it. We fit the "Torie" in eye-glass or spectacle.

## TO CONVINCE MORE PHYSICIANS

On Saturday, May 4, 1912, an invitation was extended to the physicians of San Francisco through the Evening Bulletin and Evening Post to check up the results in a case of Diabetes alleged to be incurable by the books.  
Four years ago one of the best San Francisco hospitals failed in the case. When the patient got so weak he could hardly walk they told him dieting was all that could be done. He took Fulton's Diabetic Compound and recovered and has been actively in business ever since. Recently the symptoms returned. His physician reported sugar and that the Diabetes was on him again. We told him we had known it to be controlled the second time. He started again on the Diabetic Compound. In order that doubters might be convinced we made arrangements for physicians who believe Diabetes incurable to have samples and gave them his address and invited them through the Bulletin and Post to make their own tests week by week, so that they could see the sugar disappear.  
What does this mean if results cannot be had in these cases? It is crucial to hold patients to failure on Codelin (containing opium which locks up secretions) when recoveries are being had by the use of a mild infusion (without sedatives), the motive of which is to help the liver oxidize the sugars and starches. (Recoveries are rare in young people, but in patients past middle life we look for good results as a general rule.)  
Honolulu Drug Co. is agent. Ask for pamphlet or write to John J. Fulton Company, San Francisco.

Photo-Engraving of highest grade can be secured from the Star-Bulletin Photo-Engraving Plant.

## Over-Night Wireless To the Advertiser

An alleged "Black Hand" agent who tried to obtain \$500 yesterday from Joseph Drago, one of John D. Rockefeller's employees, at the point of a revolver, is being sought by deputy sheriffs in Westchester county. He was shot in the leg in a fight with the man he tried to blackmail and then when surrounded by a mob held them at bay with his revolver while he escaped.

William J. Murphy, son and successor of the great temperance worker, Francis J. Murphy, died in his home here at eight o'clock this morning, after an illness of several weeks. He was fifty-seven years old.

Just as Theodore Roosevelt began speaking on the fair grounds at St. Paul, Minn., today, a runaway horse plunged into the crowd about the stand. Seven persons were injured and were taken to hospitals. Thirty other persons were knocked down and suffered minor injuries. The nomination of Woodrow Wilson by the Baltimore convention was assailed by Col. Theodore Roosevelt in an address today in the Minnesota State Fair grounds.

The cruiser Cleveland, in command of Captain De Witt Blake, was off Magdalena Bay this morning, according to a radiogram received from the vessel. Two companies of marines, five rapid-fire guns and several thousand rounds of rifle ammunition are on the Cleveland, which is speeding south to join the fleet at Corinto.

With the usual whirl of oratory that surrounds Link McCandless on a stump tour, the Bourbon candidate for the Delegate to Congress' office has hit Maui. In a speech ringing with 1912 Democraticism he spoke in Wailuku today, and is preparing to make Maui's share of the welkin ring and ring again.

Ten thousand dollars in gold is missing from the treasury of Merced county, Cal. The loss was discovered yesterday, but was not announced until today, when, after working all night on the books, expert accountants became convinced that the shortage could not be accounted for by any clerical error.

Suffering from a fractured skull, the bandit who, single-handed, robbed the New York Limited train on the Louisville & Nashville railroad, twelve miles east of New Orleans last night, to be felled later by the locomotive driver, was brought to New Orleans today and placed in the Charity Hospital.

Senator A. B. Fall, member of the U. S. Senate committee to investigate the report that United States capital is responsible for the present trouble in Mexico, arrived at Long Beach, Cal., today. He will be joined here in a few days by Senator William Alden Smith of Michigan.

A private telegram from Sebastopol reports mutiny of the crews of the Black Sea squadron. The warships bombarded the forts which replied vigorously and sank one of the attacking vessels. It is stated that one cruiser escaped and reached Burghas, Bulgaria.

The condition of Mrs. John R. McLean of Washington, D. C., who became ill with pneumonia on Sunday, was considered serious today. Mrs. McLean is being attended by Washington, Philadelphia and Bar Harbor physicians, seven of whom have been in consultation.

President Taft left for New York at 10 o'clock this morning, on his way to New London and Beverly, Massachusetts, his summer residence. His lame ankle was still troubling him. He was wheeled to his automobile from the White House door.

Italy is determined to maintain its hold on Tripoli and Cyrenaica. No great advance has yet been made in the unofficial negotiations for peace now going on in Switzerland between delegates and representatives of the Turkish government.

A dispatch from the Nicaraguan Minister of Finance, Pedro Cuadra, says the government has defeated the revolutionists near Leon, capturing the commanders and many war supplies.

Dr. F. L. Dunlap of the bureau of chemistry and associate chemist under Dr. Harvey W. Wiley while the latter was chief of the bureau, resigned today to accept a commercial position in Chicago.

In cranking an automobile here today, W. W. Wescoat, of Puunene, of the Hawaiian Commercial and Sugar Company's mill staff, broke his arm.
